EDUCATIONAL FACILITIES.

THE UNIVERSITY OF VIRGINIA, established by THOMAS JEFFERSON, has no superior as an Institution of Learning, and has a world-wide reputation. This Institution furnishes education FREE to Virginia Students.

The PUBLIC SCHOOL SYSTEM is excellent, the best in the South, and Embraces Graded and High Schools.

PANTOPS ACADEMY and JONES' SCHOOL, in which there are gathered a large number of young men, representing seventeen States. The PIEDMONT and ALBEMARLE FEMALE INSTITUTES furnish superior advantages for educating Young Ladies.

The Miller Manual Labor School, With an endowment of \$1,500,000, is free to all poor white orphan children of the city of Charlottesville and Albemarle county, exclusively, thereby acting as a non-assessing, non-forfeiting, never-failing Life Insurance Policy. A resident of this city and county pays no premium nor taxes to support the school, and yet at his death his children may be certain of education, clothing and board until they are prepared to care for themselves. There are now nearly 300 boys and girls at this school receiving tuition, board and clothing FREE.

The Religious Privileges: The religious privileges are not excelled by any town in the United States. The capacity of the different Churches is large enough to comfortably seat over 7,000, or every man, woman and child in the city.

SOME OF OUR INDUSTRIES:
